Brief Facts of the Case

During the spot hearing at Kuarmunda Electrical Sub-division of Rajgangpur Electrical Division camp on 16-02-2024, the complainant appeared before the Forum whereas SDO- Kuarmunda appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having consumer No. 813313133049 with connected load of 0.50 KW. That the Complainant has raised objection regarding the high consumption bill served to him in Jun'2023. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, high consumption bill in Jun'2023 has been served to him due to which high billing has been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from May'2018 to Jan'2024 and a PVR dated 09-02-2024 mentioning the meter reading as "367" KWH of meter no. TW02078780.
- The respondent also agreed to the provisional/average bill for the month of Jun'2023 and agreed for revision of bill. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the power supply of the complainant was disconnected up to Jun'2023. As per FG the supply was reconnected on 17-07-2023. But the bill for the month of Jun'2023 which was generated on 20-07-2023, a bill of 1651 units for 22 months has been served to the complainant which is wrong.
- In the meanwhile, a new meter bearing Sl. No. TW02078780 has been installed on 26-07-2023 in the premises of the complainant.
- Therefore, it is decided by the Forum that, the wrong bill should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The wrong bill served to the complainant for the month of Jun'2023 by taking the reconnection date as 17-07-2023 is to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **31-03-2024**.
