That the Complainant has raised objection regarding the wrong meter reading bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, wrong meter reading bills has been served to him due to which high billing has been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from Feb'2011 to Nov'2023 and a PVR dated 18-12-2023 mentioning the meter reading as "606" KWH of meter no. 300072368.
- The respondent also agreed to the wrong meter reading bills from Mar'2022 to Apr'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Feb'2022 with a meter reading of "7650" of meter no. 8160368. It is observed by the Forum that, from Mar'2022 to Apr'2023, no proper readings have been taken and bills have been served on fictitious meter readings.
- In the meanwhile, a new meter bearing Sl. No. 300072368 has been installed on 28-02-2023 in the premises of the complainant but reflected in May'2023.
- Therefore, it is decided by the Forum that, bills on fictitious meter readings should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Mar'2022 to Apr'2023 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.
