That the Complainant has raised objection regarding the provisional/average bills served to him. Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, average bills have been served to him due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from May'2017 to Apr'2024 and a PVR dated 10-06-2024 mentioning the meter reading as "2744" KWH of meter no. LW144014.
- The respondent also agreed to the provisional/average billing from Oct'2018 to Sep'2022 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions made by both parties and arguments heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Sep'2018 with a meter reading of "1822" of meter no. WCS33190. From Oct'2018 to Sep'2022, provisional/average bills have been served @ of 222 units, 487 units, 266 units etc. due to defective meter.
- In the meanwhile, a new meter bearing Sl. No. LW144014 has been installed on 14-09-2021 in the premises of the complainant but reflected in Oct'2022.
- Therefore, it is decided by the Forum that, the average period bills should be revised.
- It is also noted by the forum that, a bill revision has already been done from Aug'2021 to Sep'2022 for late updating the meter change.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Aug'2019 to Jul'2021 (Two Years) are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.
