ORDER

Brief Facts of the Case

During the spot hearing at Rajgangpur-I Electrical Sub-division of Rajgangpur Electrical Division camp on 21-06-2024, the complainant appeared before the Forum whereas SDO- Rajgangpur-I appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-General Purpose consumer having consumer No. 813112010147 with connected load of 1.00 KW. That the Complainant has raised objection the wrong bill served to him during the disconnection period. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, average bills have been served to him during the disconnection period due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jul'2021 to Apr'2024 and a PVR dated 12-12-2023 mentioning the meter reading as "2274" KWH of meter no. WES14710.
- The respondent also agreed to the provisional/average billing from Apr'2022 to Jan'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Mar'2022 with a meter reading of "2281" of meter no. WES14710. From Apr'2022 to Jan'2023, provisional/average bills have been served @ of 281 units, 202 units, 216 units etc. due to defective meter. From Feb'2023 to May'2024 no bills have been generated as power supply has been disconnected.
- As per PVR submitted by the respondent and certified by Manager(Fin), TPWODL, Rajgangpur, the supply was disconnected from Mar'2022 due to non-payment of energy bills but provision bills have been continued till Jan'2023.
- Therefore, it is decided by the Forum that, the average period bills should be withdrawn.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- As the complainant has not availed the power supply, the bills from Apr'2022 to Jan'2023 are to be withdrawn. Only fixed charges are to be claimed as per regulation.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **31-07-2024**.

"If the complainant is aggrieved with this order or non-implementation of the order of the Grievance Redressal Forum in time, he/she can make the representation to the Ombudsman-II, Qrs. No. 3R-2(S), GRIDCO Colony, P.O: Bhoinagar, Bhubaneswar-751022 within 30 days from the date of order of the Grievances Redressal Forums".
