Brief facts pertaining to the case are that the Complainant is a LT-Doestic consumer having consumer No. 814121140089 with connected load of 2.00 KW. That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

1. Submission of the Complainant:

- The complainant submits that, provisional/average bills has been served to him due to which high billing has been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from May'2022 to Jun'2024 and a PVR dated 05-07-2024 mentioning the meter reading as "2012" KWH of meter no. TWSP51009006.
- The respondent also agreed to the provisional/average billing from Jul'2022 to Jul'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Jun'2022 with a meter reading of "18869" of meter no. A55542. From Jul'2022 to Jul'2023, provisional/average bills have been served @ of 139 units, 149 units, 158 units etc. due to defective meter.
- In the meanwhile, a new meter bearing Sl. No. TWSP51009006 has been changed on 17-07-2023 in the premises of the complainant but reflected in Aug'2023.
- Therefore, it is decided by the Forum that, the billing for the month of Sep'2023 should be revised.
- It is also noted that, a bill revision has been done from Jun'2023 to Jul'2023 due to late updating of meter change.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Jul'2022 to May'2023 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.
