That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

- The complainant submits that, provisional/average bills has been served to him due to which high billing has been done resulted to accumulation of arrear.

- He also requested the Forum to revise the bills.

2. Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jun'2023 to Jun'2024 and a PVR dated 06-07-2024 mentioning the meter reading as "3136" KWH of meter no. TWSP51071488.
- The respondent also agreed to the provisional/average billing for the month of Sep'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Aug'2023 with a meter reading of "30999" of meter no. WCV02953. After that the meter got defective.
- In the meanwhile, a new meter bearing Sl. No. TWSP51071488 has been changed on 13-10-2023 in the premises of the complainant.
- It is noted that, after meter change the billing for the month of Sep'2023 has been done @670 units taking the higher average units of previous billing despite the meter reading of the new meter has been recorded as "63", which needs revision.
- Therefore, it is decided by the Forum that, the billing for the month of Sep'2023 should be revised.
