# **ORDER**

## **Brief Facts of the Case**

During the spot hearing at Sundergarh Electrical Sub-division of Sundergarh Electrical Division camp on 24-07-2024, the complainant appeared before the Forum whereas SDO-Sundergarh appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having consumer No. 812123070013 with connected load of 2.00 KW. That the Complainant has raised objection regarding the provisional/average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

## **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

### **1. Submission of the Complainant:**

- The complainant submits that, average bills have been served to him due to which high billings have been done resulted to accumulation of arrear.
- He further submits that; he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

### **2. Reply Submission of the Respondent:**

- The respondent produced the billing abstract from Dec'2020 to Jun'2024 and a PVR dated 23-07-2024 mentioning the meter reading as "27" KWH of meter no. TPWODL1053409.
- The respondent also agreed to the provisional/average billing from May'2020 to Jun'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

## **Findings of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Apr'2020 with a meter reading of "3358" of meter no. ORPO2075. From May'2020 to Jun'2023, provisional/average bills have been served @ of 144 units, 331 units, 370 units etc. due to defective meter.
- In the meanwhile, a new meter bearing Sl. No. TPWODL1053409 has been installed on 29-07-2022 in the premises of the complainant but reflected in Jul'2023.
- Therefore, it is decided by the Forum that, the average period bills should be revised.
- It is also noted that, a bill revision has already been done from May'2022 to Jun'2023 for late reflection of meter change.

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from May'2020 to Apr'2022 are to be revised as per the average of six consecutive billing of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken in to consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **31-08-2024**.
