# **ORDER**

## **Brief Facts of the Case**

During the spot hearing at Bonai Electrical Section of Rourkela Sadar Electrical Division camp on dt.26.07.2024, the complainant appeared before the Forum whereas SDO, Bonai, RSED appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer with connected load of 01 KW. That the Complainant has raised objection regarding the high consumption bill for the month of Oct'2020 and provisional and average bills served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier.

## **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

### **1. Submission of the Complainant:**

- The complainant submitted that high consumption bill for the month of May'2020 and provisional and average bills served to him resulted to accumulation of arrear.
- He further submitted that he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

### **2. Reply Submission of the Respondent:**

- The respondent produced the billing abstract from Feb'2016 to Jun'2024.
- He had also produced a PVR dt.23.07.2024 mentioning the meter reading as "6263" of meter number WCV13221.
- The respondent also agreed to the wrong round complete billing for the month of May'2020. However, the respondent requested the Forum to take appropriate decision as necessary.

## **Findings of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter reading up to Oct'2018 with a meter reading of "1230" of meter No. WCV13221. Thereafter wrong reading bills were served.
- The bills from Nov'2018 to Aug'2020 have been billed on provisional and wrong actual basis. For the month of Sep-Oct'2020 bill has been served for "8546" units by recording the meter reading as "00" with a wrong remark of "Round Complete". From Nov'2020 onwards almost actual bills have been served with due adjustment of provisional bills.
- As per PVR submitted by respondent, the same meter bearing Sl. No. WCV13221 is continuing in the premises of the complainant and the current billing pattern is correct as the PVR reading is "6263" Kwh.
- Therefore, it is decided by the Forum that, the provisional/wrong round billing period bills should be revised.

### **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/wrong round complete bills served to the complainant from Nov'2018 to Oct'2020 (Two Years) are to be revised by taking average of IMR "1230" and FMR "1519" as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **30-09-2024**.

*"If the complainant is aggrieved with this order or non-implementation of the order of the Grievance Redressal Forum in time, he/she can make the representation to the Ombudsman-II, Qrs. No. 3R-2(S), GRIDCO Colony, P.O: Bhoinagar, Bhubaneswar-751022 within 30 days from the date of order of the Grievances Redressal Forums".*
