That the Complainant has raised objection for average billing from Nov'2023 to Dec'2023. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that he had billed on average basis from Nov'2023 to Dec'2023, due to which high billings have been done resulted to accumulation of arrear. He had submitted an affidavit related to closer of office and wants reconnection.
- He further submitted that he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jan'2023 to Jul'2024 and a PVR dated 06-08-2024 mentioning the meter reading as "063" of meter no. TWSP51099198.
- The respondent also agreed to average basis billing from Nov'2023 to Dec'2023 and agreed for revision of bills. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Oct'2023 with a meter reading of "3874" of meter no. 334034. From Nov'2023 to Dec'2023, average bills have been served as the meter is defective.
- In the meantime, a new meter bearing Sl. No. TWSP51099198 has been installed on dt.16.01.2024 and the reading is "063" as on dt.06.08.2024 in the premises of the complainant. The first bill of this meter is served on pro-rata basis and requires revision.
- Therefore, it is decided by the Forum that, the average bills generated during the quarter vacant period should be Withdrawn.
