ORDER

Brief Facts of the Case

During the spot hearing at Bonai Electrical Section of Rourkela Sadar Electrical Division camp on dt.16.08.2024, the complainant appeared before the Forum whereas SDO, Bonai, RSED appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer with connected load of 0.02 Kw. That the Complainant has raised objection regarding the wrong round complete bill during Sep-Oct'2020 served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that wrong round complete bill during Sep-Oct'2020 and provisional and average bills served to him resulted to accumulation of arrear.
- He further submitted that he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jan'2018 to Jun'2024.
- He had also produced a PVR dt.21.07.2024 mentioning the meter reading as "285" of meter number WHL049043.
- The respondent also agreed to wrong round complete bill during Sep-Oct'2020. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter reading up to Jul'2019 with a meter reading of "2879" of meter No. 2707980.
- The bills from Aug'2019 to Aug'2020 have been billed on provisional basis. For the month of Sep-Oct'2020 bill has been served for "9019" units by recording the meter reading as "1898" with a wrong remark of "Round Complete". From Nov'2020 onwards almost actual bills have been served with due adjustment of provisional bills.
- As per PVR submitted by respondent, the same meter bearing Sl. No. WHL049043 is dt.15.11.2022 in the premises of the complainant.
- Therefore, it is decided by the Forum that, the provisional/wrong round billing period bills should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The wrong round complete bills served to the complainant from Sep'2020 to Oct'2020 are to be revised by taking average of IMR "1870" (FMR of Oct'2018) and FMR "2800" (FMR of Aug'2022) as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

Matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **30-09-2024**.
