Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer with connected load of 01 Kw. That the Complainant has raised objection regarding the wrong round complete billing in the month of May'2021 served to him. He requested for revision of bills and mentions about verbal complaint being made to the respondent earlier.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that wrong round complete billing in the month of May'2021 served to him resulted to accumulation of arrear.
- He further submitted that he had made verbal complain to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Dec'2012 to Jun'2024.
- He had also produced a PVR dt.16.07.2024 mentioning the meter reading as "1831" of meter number LW535978.
- The respondent also agreed to the wrong round complete billing for the month of May'2021. However, the respondent requested the Forum to take appropriate decision as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter reading up to Jan'2021 with a meter reading of "2892" of meter No. ORBB3224.
- The bills from Feb'2021 to Mar'2021 have been billed on provisional basis. For the month of Apr-May'2021 bill has been served for "7109" units by recording the meter reading as "00" with a wrong remark of "Round Complete". From Jun'2021 onwards almost actual bills have been served with due adjustment of provisional bills.
- As per PVR submitted by respondent, a new meter bearing Sl. No. LW535978 is installed in the premises of the complainant on dt.18.11.2021 and the current billing pattern is correct as per PVR reading.
- Therefore, it is decided by the Forum that, the provisional/wrong round billing period bills should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The wrong round complete bills served to the complainant from Apr'2021 to May'2021 are to be revised by taking average of actual six months' consumption of new meter as per Section 155 and 157 of Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.
