ORDER

Brief Facts of the Case

During the spot hearing at Bonai Electrical Section of Rourkela Sadar Electrical Division camp on dt.18.09.2024, the complainant appeared before the Forum whereas SDO, Bonai, RSED appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer with connected load of 0.5 Kw. That the Complainant has raised objection regarding the average bills served to him. He requested revision of bills and mentions verbal complaints being made to the respondent earlier.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that average billing given from Aug'2023 to Dec'2023 served to him resulted to accumulation of arrears.
- He further submitted that he had made verbal complaint to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Jun'2023 to Jan'2024.
- He had also produced a PVR dt.06.09.2024 mentioning the meter reading as "192" of meter number TWB612667.
- The respondent also agreed to the average billing given from Aug'2023 to Dec'2023. However, the respondent requested the Forum to take appropriate decisions as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- The bills from Aug'2023 to Dec'2023 have been billed on an average basis with various units per month. From Jan'2024 onwards almost actual bills have been served. The stuck reading bill of 910 units served during Jul'2023 is also a wrong as the same meter changed with reading 3000 Kwh.
- As per PVR submitted by respondent, the new meter bearing Sl. No. TWB612667 has been installed during Dec'2023 in the premises of the complainant and the meter reading is "192" Kwh as on dt.06.09.2024.
- Therefore, it is decided by the Forum that, the provisional/average billing period bills should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Jul'2023 to Dec'2023 are to be revised by taking average of six months' actual consumption of new meter as per Section 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith and the compliance report to be submitted to the undersigned on or before dated **31-10-2024**.
