Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- From Sep'2018 to Nov'2019, average bills have been served @ 108 units per month. Bill stopped from Sep'2015 onwards.
- A new meter bearing Sl. No. LW270833 has been installed during Dec'2019 and the current reading is "412" as on dt.19.09.2024.
- Therefore, it has been decided by the Forum that, the average bills generated during this period should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Sep'2018 to Nov'2019 are to be revised as per the average of six consecutive billing of new meter as per Regulation 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments done during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.
