ORDER

Brief Facts of the Case

During the spot hearing at Madhusudan Palli section of Rourkela Electrical Division camp on dt.08.10.2024, the complainant appeared before the Forum whereas SDO-III, RED appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having consumer No. 8113-2323-0186 with connected load of 02 KW. That the Complainant has raised objection for average billing from May'2015 to Mar'2018. He requested revision of bills and mentions about verbal complaints being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that average bills have been generated from May'2015 to Mar'2018 due to which high billings have been done resulted to accumulation of arrears.
- He further submitted that he had made verbal complaint to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Sep'2012 to Sep'2024 and a PVR dated 08-10-2024 mentioning the meter reading as "29378" of meter no. LW126196.
- The respondent also agreed to the provisional/average billing from May'2015 to Mar'2018 and agreed for revision of bills.
- However, the respondent requested the Forum to take appropriate decisions as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- That the complainant has been billed on actual meter readings up to Mar'2015 with a meter reading of "3700" of meter number 35956.
- From Apr'2015 to Mar'2018, provisional/average bills have been served due to defective meter.
- A new meter bearing number WLT085979 had been installed during Apr'2018 and the first month bill was served on pro-rata basis.
- Therefore, it is decided by the Forum that, the average bills generated during the average period should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from May'2016 to Apr'2018 (Two Years) are to be revised as per the average of six consecutive billing of new meter as per Regulation 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.
