ORDER

Brief Facts of the Case

During the spot hearing at Kuarmunda Electrical Sub-division camp on dt.19.10.2024, the complainant appeared before the Forum whereas SDO Electrical, Kuarmunda appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is an LT-Domestic consumer with connected load of 01 Kw. That the Complainant has raised an objection regarding the average bills from Aug'2022 to Nov'2022 served to him. He requested revision of bills and mentions about verbal complaints being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that average billing from Aug'2022 to Nov'2022 served to him resulted in accumulation of arrears.
- He further submitted that he had made verbal complaint to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Dec'2015 to Sep'2024.
- He had also produced a PVR dt.14.10.2024 mentioning the meter reading as "352" of meter number TWB637501.
- The respondent also agreed to the average and wrong billing served from Aug'2022 to Nov'2022 in his written version.
- However, the respondent requested the Forum to take appropriate decisions as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- The bills from Aug'2022 to Nov'2022 have been billed on average with various units per month.
- A new meter bearing serial number TWB637501 has been installed on dt.31.03.2024 and the meter reading is "352" Kwh as on dt.14.10.2024. The first bill served during Mar'2024 is a pro-rata bill and needs correction.
- Therefore, it is decided by the Forum that the average bills should be revised.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Aug'2022 to Mar'2024 are to be revised by taking average of six months' consumption of new meter as per Section 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.

The compliance report to be submitted to the undersigned on or before dt.**30.11.2024**.
