ORDER

Brief Facts of the Case

During the spot hearing at Rajgangpur SDO Office of Rajgangpur Electrical Division camp on dt.20.12.2025, the complainant appeared before the Forum whereas SDO-I, Rajgangpur appeared as Respondent before the Forum.

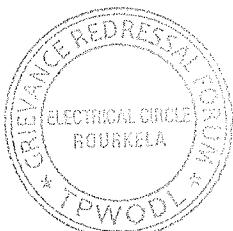

Brief facts pertaining to the case are that the Complainant is an LT-Domestic consumer with Consumer Number 8131-1203-2308 having connected load of 1 KW. That the Complainant has raised objection for average billing from May'2021 to Jun'2023. He requested revision of bills and mentions about verbal complaints being made to the Respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that average bills have been generated from May'2021 to Jun'2023 due to which high billings have been made resulting to accumulation of arrears.
- He further submitted that he had made verbal complaint to the Respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The Respondent produced the following documents:
 - Billing abstract from Mar'2021 to Oct'2025.
 - Physical Verification Report on dt.20.12.2025.
 - Written version on dt.20.12.2025.
- The Respondent also agreed to the average billing from May'2021 to Jun'2023 and revision of bills.
- However, the Respondent requested the Forum to take appropriate decisions as necessary.

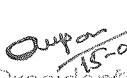

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- From Jun'2021 to May'2023, provisional bills have been served with various units per month as the meter is defective.
- Bills from Jun'2021 to May'2023 are disputed due to average bills served due to defective meter. After verification the forum demanded the medical bills of the consumer as the consumer was under treatment at a private hospital at Bhubaneswar. But the consumer was unable to submit the relevant document as proof of his treatment.

- The respondent is advised to submit proof of treatment at Bhubaneswar.
- The Forum felt the genuineness of the consumer and wants to revise the meter change assessment by taking twelve months average consumption of new meter. First two months' consumption is very high and hence discarded for calculation.
- The meter bearing serial number TW02068155 had been installed on dt.30.06.2023 and the current reading is 4045 Kwh as on dt.20.12.2025.
- Therefore, it is decided by the Forum to revise the bills.

Directions of the Forum

In view of the above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.

- The bills served from Jun'2021 to May'2023 are to be revised by taking average of twelve six consecutive billings from Aug'2023 to Jul'2024.
- Adjustments made during this period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.
- The complainant must clear up all dues upon revision of bills.

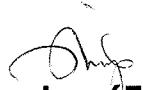

The matter is close herewith.

The compliance report is to be submitted on or before dt.**28.02.2026**.
