That the Complainant has raised objection for provisional/average billing from Apr'2021 to Mar'2023 due to defective meter. He requested revision of bills and mentions about verbal complaints being made to the respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that provisional/average bills have been generated from Apr'2021 to Mar'2023 due to which high billings have been done resulting to accumulation of arrears.
- He further submitted that he had made verbal complaint to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The respondent produced the billing abstract from Dec'2017 to Sep'2024 and a PVR dt.05.11.2024 mentioning the meter reading as "497" of meter no. TWSC59006291.
- The respondent also agreed to the provisional/average billing from Apr'2021 to Mar'2023 and agreed for revision of bills.
- However, the respondent requested the Forum to take appropriate decisions as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- From Feb'2018 to Mar'2023, provisional/average bills have been served with various units per month as the meter is defective.
- A new meter bearing Serial Number TWSC59006291 has been installed on dt.30.03.2024 and the current reading is "497" Kwh as on dt.05.11.2024.
- Therefore, it is decided by the Forum to revise the average bills generated.

Directions of the forum

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Apr'2021 to Mar'2023 (Two Years) are to be revised as per the average of six consecutive billing of new meter as per Regulations 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.
