## **ORDER**

### **Brief Facts of the Case**

During the spot hearing at Kuarmunda Electrical Sub-division camp on dt.06.12.2024, the complainant appeared before the Forum whereas SDO Electrical, Kuarmunda appeared as respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is a LT-Domestic consumer having connected load of 0.5 Kw. That the Complainant has raised objection for wrong round complete during Feb'2020. He requested revision of bills and mentions about verbal complaint being made to the respondent earlier on.

### **Gist of Arguments made by the Parties**

Both parties were present in the hearing. The contentions made by the parties are as follows:

#### **Submission of the Complainant:**

- The complainant submitted that wrong round complete during Feb'2020 due to which high billings have been done resulted to accumulation of arrears.
- He further submitted that he had made verbal complaint to the respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

#### **Reply Submission of the Respondent:**

- The respondent produced the following documents:
  - Billing abstract from Jan'2013 to Aug'2023.
  - Written version on dt.06.12.2024.
- The respondent also agreed to the wrong round complete during Feb'2020 and revision of bills.
- However, the respondent requested the Forum to take appropriate decisions as necessary.

## **Findings of the Forum**

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- For the month of Feb'2020 bill has been served for "9382" units by recording the meter reading as "3848" with a remark of "Round Complete". From Mar'2020 onwards almost average bills have been served @ 43 units up to Sep'2021. Next actual bill of same meter had not served instead changed.
- A new meter bearing serial number WHL052982 has been installed during Oct'2021 and it continued up to Aug'2023.
- Therefore, it is decided by the Forum to revise the average bills.

## **Directions of the forum**

In view of the above findings and discussions, the Forum is of the view that,

- The provisional/average bills served to the complainant from Oct'2019 to Sep'2021 (Two Years) are to be revised by taking six months' average of consumption of new meter as per Regulations 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.

The compliance report to be submitted to the undersigned on or before dt.**31.01.2025**.
