ORDER

Brief Facts of the Case

During the spot hearing at SDO-V Office of Rourkela Sadar Electrical Division camp on dt.07.01.2025, the complainant appeared before the Forum whereas SDO-V, RSED appeared as Respondent before the Forum.

Brief facts pertaining to the case are that the Complainant is an LT-GP consumer having connected load of 1 KW. That the Complainant has raised objection for wrong MD billing from Jun'2024 to Mar'2025. He requested revision of bills and mentions about verbal complaints being made to the Respondent earlier on.

Gist of Arguments made by the Parties

Both parties were present in the hearing. The contentions made by the parties are as follows:

Submission of the Complainant:

- The complainant submitted that wrong MD billing from Jun'2024 to Mar'2025 have been generated and due to which high billings have been made resulting in accumulation of arrears.
- He further submitted that he had made verbal complaint to the Respondent about the erroneous bill.
- He also requested the Forum to revise the bills.

Reply Submission of the Respondent:

- The Respondent produced the following documents:
 - Billing abstract from Sep'2023 to Nov'2024.
 - Physical Verification Report on dt.09.01.2025.
 - Written version on dt. 09.01.2025.
- The Respondent also agreed to the wrong billing from Jun'2024 to Mar'2025 vide e-mail on dt.21.05.2025 and revision of bills.
- However, the Respondent requested the Forum to take appropriate decisions as necessary.

Findings of the Forum

Written/verbal Submissions were made by both parties and arguments were heard at length. This Forum, after hearing the parties and going through the relevant documents and provisions of law have concluded as follows:

- From Jun'2024 to Mar'2025, bills had been served with MD of 9.032 Kw which the Respondent agrees as "asked problem is quite old, as Meter is not having any data to verify the same. It also finds that said time when peak MD kW recorded, data was missing in MDMS also. However, this consumer is of Single Phase and billed on based consumed units which is quite low. Also billing system not recorded said MD kW. Hence, I understand that consumer may not face any commercial impact."
- Therefore, it is decided by the Forum to revise the bills.

Directions of the forum

In view of the above facts and circumstances and after going through the documents submitted by both the parties, the Forum pronounces the following order as per regulations 155 and 157 of the Odisha Electricity Regulatory Commission Distribution (Conditions of Supply) Code, 2019.

- The bills served from Jun'2024 to Mar'2025 are to be revised by taking maximum demand as 01 Kw.
- Any adjustments made during the revision period are also to be taken into consideration.
- DPS charged on the wrong bills are also to be withdrawn.

The matter is closed herewith.

The compliance report to be submitted to the undersigned on or before dt.**30.06.2025**.
